We are seeking for our young team at the earliest possible date a

**Post-Doctoral Researcher (m/f/d) (100%)**

The Professorship for Innovation and Technology Management at the Technical University of Munich, headed by Prof. Dr. Claudia Doblinger, offers you a multi-faceted opportunity to conduct research at the Campus for Biotechnology and Sustainability in Straubing. You will be part of a creative and motivated team at one of the most innovative universities in Europe, and have the opportunity to initiate or further develop innovative research projects in the field of environmental innovation and entrepreneurship. This also includes the possibility to participate in international and national conferences. At TUM Campus Straubing, you will experience an interdisciplinary environment with researchers interested in sustainability from management, economics, natural science as well as engineering, and can support the development of this growing campus.

**Tasks**
- Implement own research projects and participate in research projects of the professorship in the fields of environmental innovation and entrepreneurship
- Support the professorship in teaching, especially in designing and implementing own courses as well as supporting the current teaching portfolio of the professorship
- Support organizational activities related to the management of the professorship

**Requirements**
- Above-average doctorate and university degree in management or comparable subjects related to the research profile of the professorship in the field of environmental innovation and entrepreneurship.
- Research experience in the form of publications/working papers and, if applicable, successful acquisition of external funding.
- Teaching and/or professional experience in the field of innovation and a strong commitment to create impactful learning experiences.
- Advanced skills in using statistical software (R, Stata, Python) and MS Office.
- Commitment, team player, and self-initiative.
- Proficiency in written and spoken English.

**What we offer**
We offer a full time (100%) position as PostDoctoral Researcher at one of the most renowned universities in Europe. The position is initially for 3 years with the possibility for extension. Payment will be based on the Collective Agreement for the Civil Service of the Länder (TV-L) at E13 level. TUM strives to raise the proportion of women in its workforce and explicitly encourages applications from qualified women. Applications from disabled persons with similar qualifications will be given preference.

**Application**
If you are interested in working with us, please send your documents (cover letter, curriculum vitae, publications or working papers, scan of certificates and/or a current overview of previous academic achievements, summarized in a pdf file) by email to claudia.doblinger@tum.de. The deadline for application is 20/08/2023.
**Data Protection Information**
When you apply for a position with the Technical University of Munich (TUM), you are submitting personal information. With regard to personal information, please take note of the data protection information on collecting and processing personal data included in your application in accordance with Art. 13 of the General Data Protection Regulation (GDPR) http://go.tum.de/554159. By submitting your application, you confirm that you have acknowledged the above data protection information of TUM.
