We are seeking for our young team at the earliest possible date a

**Research Associate / Ph.D. student (f/m/d) (100%)**

The Professorship for Innovation and Technology Management at the Technical University of Munich, headed by Prof. Dr. Claudia Doblinger, offers you a multi-faceted opportunity to conduct research at the Campus for Biotechnology and Sustainability in Straubing. You will be part of a creative and motivated team at one of the most innovative universities in Europe, and have the opportunity to pursue a doctoral degree within a well-founded doctoral training/education program. This also includes the possibility to participate in international and national conferences. At TUM Campus Straubing, you will experience an interdisciplinary environment with researchers interested in sustainability from management, economics, natural science as well as engineering, and can support the development of this growing campus.

**Tasks**
- Conduct self-designed research projects and/or participate in research projects of the professorship in the fields of environmental innovation and entrepreneurship to pursue a Ph.D. degree
- Support the professorship in teaching, especially in the implementation of events and exercises in the field of innovation and technology management, as well as supervision of seminar papers, project studies and theses
- Support organizational activities related to the management of the professorship

**Requirements**
- Above-average university degree in management or comparable subjects related to the research profile of the professorship in the field of environmental innovation and entrepreneurship.
- Strong interest in conducting research in the research area of the professorship.
- Advanced skills in using statistical software (R, Stata, Python) and MS Office.
- Profound methodological skills applicable to business issues.
- Commitment, team player, and self-initiative.
- Proficiency in written and spoken English.

**What we offer**
We offer a full time (100%) position as Research Associate at one of the most renowned universities in Europe. The position is initially for three years with the possibility for extension. Payment will be based on the Collective Agreement for the Civil Service of the Länder (TV-L) at E13 level. TUM strives to raise the proportion of women in its workforce and explicitly encourages applications from qualified women. Applications from disabled persons with similar qualifications will be given preference.

**Application**
If you are interested in working with us, please send your documents (cover letter, curriculum vitae, scan of certificates and/or a current overview of previous academic achievements (e.g., master thesis), summarized in a pdf file) by email to claudia.doblinger@tum.de. The deadline for application is **20/08/2023**.
Data Protection Information
When you apply for a position with the Technical University of Munich (TUM), you are submitting personal information.
