The Department of Marketing and Management of Biogenic Resources at the TUM Campus Straubing is offering the following position:

**Research Assistant**  
(m/f/d)

The employment is set to start on 01.10.2023 and is limited until 30.06.2024 at the latest. An extension is possible. The maximum weekly working time is 8 hours. The salary will be based on tariff agreements.

**Objectives of the tasks:**
- Support in the preparation of lecture material
- Literature research
- Support with data collection

**Your qualification:**
- Bachelor’s or Master’s degree
- Independent and reliable work

Regular coordination on-site in Straubing is preferred. Working hours can be arranged flexibly and suitable activities can also be worked on in the home office. A suitable computer workstation at the TUM Campus Straubing will be provided.

If interested, please send your CV by email, mentioning the reference “SHKMN” to Dr. Thomas Decker: thomas.decker@hswt.de
